

# JUST FOR JUNIOR PARENTS

# COLLEGE PLANNING WORKSHOPS

*These cost effective seminars are designed provide everything parents need to know to helpguide their student through the entire college planning & admissions process & maximize his/her chances of getting into the college of his/herchoice.*

#### In depth topics:

- Getting organized and self-assessments
- How to select colleges
- An overview of financial aid process
- The nuts and bolts of applying to and being selected by the UC's, CSU's, Private Schools & Community Colleges
- Testing
- The college application
- Attributes of a strong applicant
- College admission case studies for both UC's and private institutions

#### COMMENTS FROM PAST PARTICIPANTS

*"So far this has been the most complete and comprehensive presentation for parents with junior students who are going through the maze that is "college planning." You both have taken a great deal of mystery out of the whole affair, and I am truly thankful for all your efforts. Keep up the great work." "Provided a great overview of a very complex topic and put many things in perspective. The sad part is that people have to take a course to understand how to send a kid to school—after 12 years of sending them to school!" "Extremely organized. I can't think of how you can improve the program. Time-efficient. You two saved us the trouble of having to dig for the info and compiling it." "I enjoyed the relaxed down to earth way in which the copious amount of information was presented.*

Together Vicki Kleinman and Betsy McSherry have been counseling students in all aspects of the college admissions process for more than 20 years at Lynbrook and Monta Vista High Schools. Their professional credentials include post graduate work at the University of California, Berkeley Extension and membership in the National Association of College Admissions Counselors and the Western Association of College Admissions Counselors.

They regularly visit colleges and universities to maintain first hand contact with admissions officers and keep abreast of the latest admissions policies. Vicki is also a speaker at the statewide conference for the California Association for the Gifted and conducts a College Planning 101 class for Parents through the De Anza College short course program.

Vicki and Betsy have presented dozens of college planning workshops to both parents and students, and they offer their specialized knowledge and unique insights to a very confusing process.
